Mr. Douglas Carter
Land and Water Management Division
Department of Natural Resources
P.O. Box 30028
Lansing, MI 48909

Dear Mr. Carter:

WW Engineering & Science (WWES) is conducting an environmental evaluation of the Albion-Sheridan Township Landfill in Calhoun County. As part of this evaluation, we will consider the possible impact of the landfill on federal wild and scenic rivers, and state natural rivers. The project is located in Section 36 of Sheridan Township (T2S, R4W). The north branch of the Kalamazoo River is approximately 400-feet south of the landfill. A map of the location is enclosed.

Please provide us with information on these natural features. If you have any questions concerning this request, please contact me at (616) 942-9600. Thank you.

Sincerely,

WW ENGINEERING & SCIENCE
Environmental Services Division
